Dear Friends,

I am writing today to personally thank you for your generous donation of \$1,000.00 to Habitat for Humanity International. I want you to know how much we appreciate your kindness and partnership as we work together to help more families around the world acquire affordable housing.

Much of our attention of late has been drawn to shelter efforts in Haiti. We are assembling shelter kits and helping with clean up and rehab efforts. Ultimately, we will help build core houses—small, permanent, disaster-resistant homes that can be quickly built and to which additions can be made over time.

All this is happening while the need for housing continues to grow worldwide and while we are all trying to recover from the economic impact of the previous year. Now, more than ever, your generous gift is essential to help us carry out our mission. Your dedication is enabling us to continue reaching out to those in our world who need a safe and decent place to rest tonight. I am grateful for the gift of love you have given.

Since our founding in 1976, partners like you have helped Habitat for Humanity build more than 350,000 homes, sheltering more than 1.75 million people in the United States and around the world. Last year alone, we were able to partner with more than 61,000 families to build, renovate or repair their own homes.

Thank you again for your generosity and support. As a valued Habitat partner, you have demonstrated a compassion for people who are desperately seeking affordable shelter, and you are keenly aware that we cannot rest on past accomplishments. Habitat has a great opportunity to make an impact in your community and around the world. I hope you will continue to join us in our efforts to make the dreams of homeownership a reality.

In grateful partnership,
